HERE IS OUR SELECTION OF THE 10 EXHIBITIONS TO SEE DURING FIAC IN PARIS

### *La Gravedad* by Enrique Ramírez at Galerie Michel Rein

Enrique Ramírez, *LA GRAVEDAD*, 2016, Michel Rein, Paris. Courtesy the artist and Michel Rein, Paris/Brussels

Chilean artist Enrique Ramírez is back at Galerie Michel Rein for an hypnotic show. His artistic work is deep, inspired by the Chilean and South American political history. He depicts a humanity which is unable to learn from the mistakes of the past. A profound artistic reflexion based on the idea of gravity that makes us think.

*La Gravedad*, Galerie Michel Rein, 42 rue de Turenne 75003 Paris, from October 20 to December 17 / [www.michelrein.com](http://www.michelrein.com)
