MICHEL REIN GALLERY

42 rue de Turenne
F-75003 Paris

The Michel Rein gallery, located in the heart of Le Marais, in a courtyard of a 17th century building within a stone's throw of the royal Place des Vosges, often welcomes corporate events and fashion line presentations. Designers find the space entirely suitable for the set-up of a showroom and other private events.

The offered space measures approximately 100 square meters, completely leveled. It is regularly repainted in white, and has a glass roof allowing in natural light; nevertheless it is also fitted with a new adjustable spotlight system and video alarm.

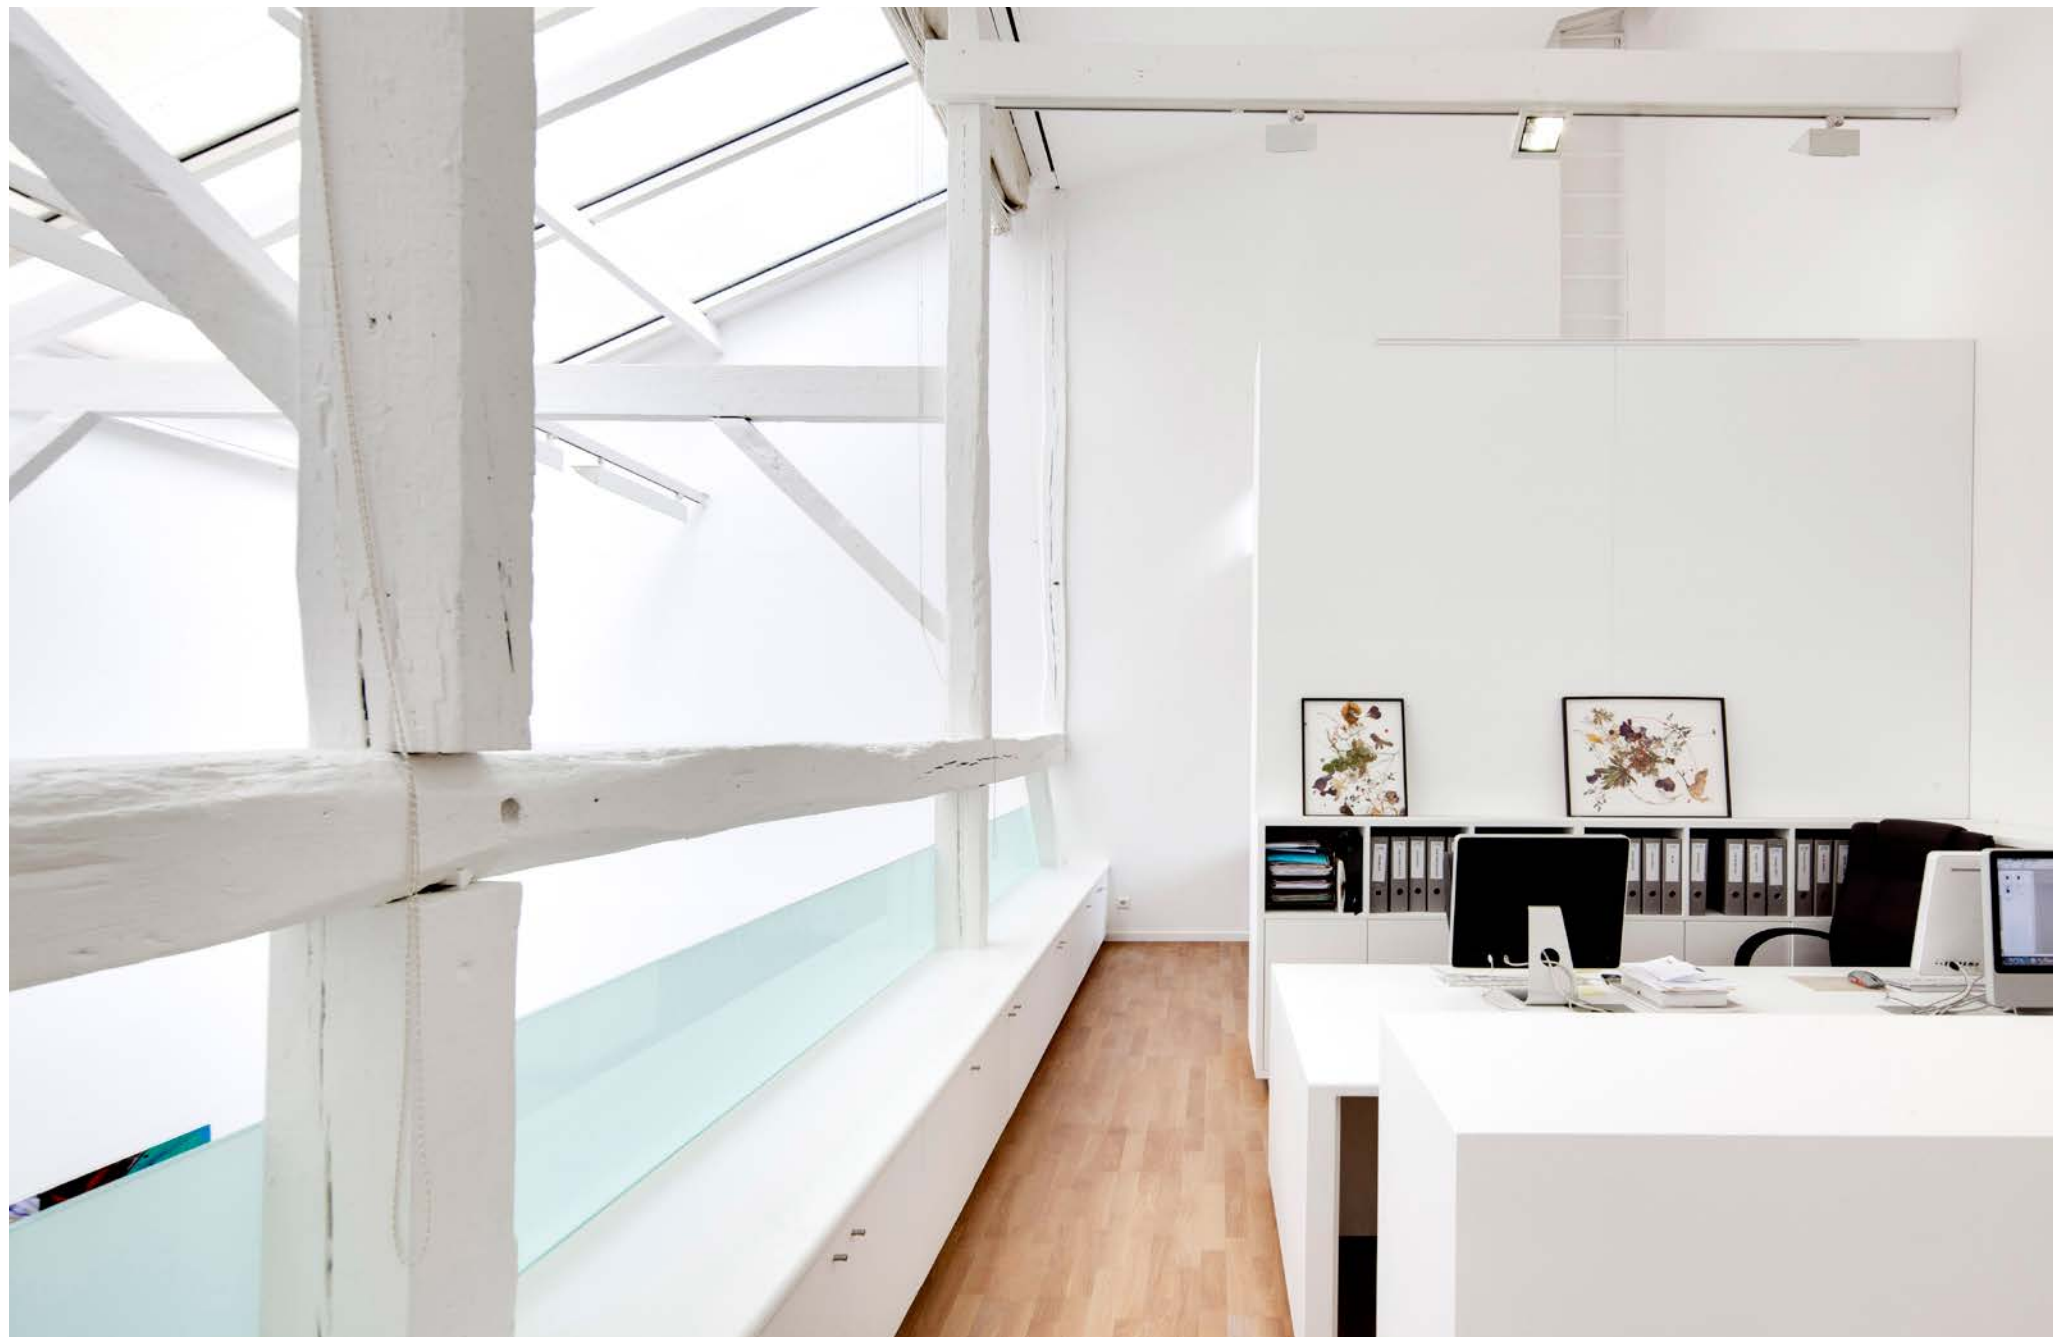

The gallery is divided into one large room of 80 square meters, and an office of 20 square meters separated from the main space by a frosted glass door. This room can be used as a dressing room. Separate lavatories and sink are adjacent.
